

Yasvanth RD | B.Tech Student in AI & Machine Learning

Chennai, Tamil Nadu – India

☎ +91 8754641911 • ✉ yasvanth178@gmail.com

Education

Saveetha Engineering College

B.Tech in Artificial Intelligence and Machine Learning, CGPA: 8.62 (Current)
Pursuing 2nd Year of undergraduate studies.

Chennai

2024–2028

S.V.N Matric Higher Secondary School

Higher Secondary Schooling

Completed Matriculation and Higher Secondary education.

Kongampalayam, Chithode, Erode

2022–2024

Technical Skills

Frontend: React, HTML5, CSS3, JavaScript (ES6+)

Backend: Node.js, Express.js

Databases: MongoDB, MySQL, Supabase, Firebase

AI/ML: GenAI, Prompt Engineering, Predictive Modeling

Tools: Git, GitHub, VS Code, Postman

Projects

Full Stack

Civic Fix Management System

Self-Directed

- Developed a full-stack platform using React and Node.js for community issue tracking.
- Integrated AI to categorize and prioritize reported issues automatically for efficient civic management.
- Managed data persistence using MongoDB/MySQL for real-time updates.

AI/ML Tool

GenAI Resume Screening System

Academic Project

- Created an automated screening tool to parse and rank resumes based on job descriptions.
- Leveraged Generative AI to analyze candidate suitability and extract key skills.
- Reduced manual screening time by providing automated summaries and scoring.

Automation Tool

GenAI Automatic Hackathon Fetcher

Academic Project

- Designed a tool to aggregate and filter upcoming hackathons from various platforms.
- Used AI to categorize hackathons by tech stack, prize pool, and eligibility.
- Implemented automated data fetching to keep the listings updated.

Key Strengths

Development: Full-stack web development with a focus on MERN stack and cloud integration.

Innovation: Applying GenAI solutions to solve real-world automation problems.

Academic: Consistently maintaining a high CGPA of 8.62 in a rigorous AI curriculum.

Languages

English: Professional Proficiency
